CONNECTING WITH
AIR MEDIA

AirMedia makes it simple to share your screen wirelessly. Just follow the steps below for your device.

WINDOWS

IF THE AIRMEDIA APP IS NOT INSTALLED:

1. On your laptop, open any web browser.

2. Type in the IP address shown at the bottom-left corner of the display screen. Click "Start Presenting."

3. Download the app by selecting "Windows."

4. Once the file is downloaded, run the installer.

5. After installation, open the AirMedia app and enter the IP address shown on the screen.

6. When prompted, type in the 4-digit code that appears on the display.

IF THE AIRMEDIA APP IS INSTALLED:

1. Open the AirMedia app.
2. Enter the IP address shown on the display screen.
3. Enter the 4-digit code when prompted.

APPLE MACS

NATIVE SCREEN MIRROR (WORKS WITH ALL APPLE DEVICES)

1. Open the Screen Mirroring menu (found in the menu bar on a Mac, or Control Center on iPhone/iPad).
2. Select the AirMedia device you want to connect to.
3. Enter the 4-digit code when prompted.

MAC (IF YOU WANT TO DOWNLOAD THE APP)

1. On your Mac, open any browser and go to the IP address shown on the display screen.
2. Click "Start Presenting."
3. Download the app by selecting "Mac."
4. Open the downloaded file and run the installer.
5. Once installed, launch the app and enter the IP address from the display.
6. When prompted, enter the 4-digit code shown on screen.
